1

Importance of grasscutter

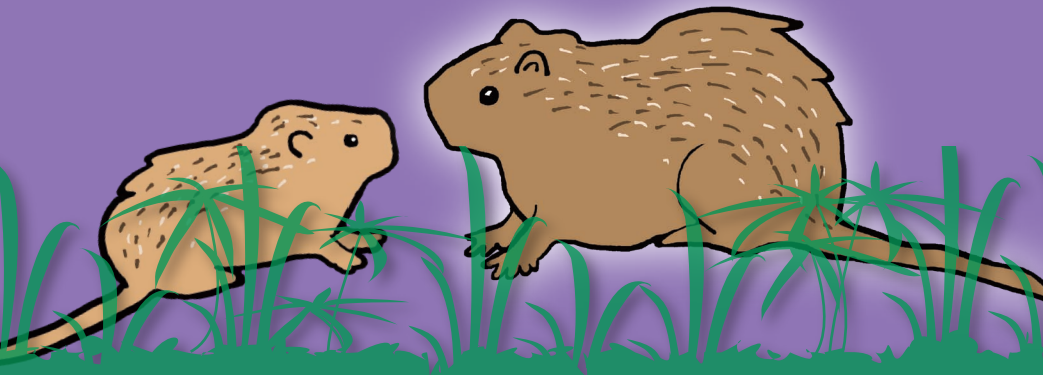

**Meat is hard to get in the North.
So we will make a grasscutter farm
because the grasscutter is tough
and can survive local conditions.**

2

Why domestication?

Hunting wild grasscutter is a problem because of too many people destroying the vegetation.
So let's make a grasscutter farm.

3

How to keep grasscutter?

We will help raise this animal with appropriate feed. We can teach you how to produce more tame grasscutters.

4

How to use grasscutter?

**You can eat or sell them.
We can teach you how to cook
and store the meat.**

5

Our goal

**Your village will be better with
more food and good environment.**
